---

CSE Cisco New York, NY 12/02/14  
(currently doing research for them)

## Education

---

Computer Science MIT Cambridge, MA June 5<sup>th</sup>

## **More Information to know**

---

- **With Aeria, I would love to host/have events such as but not limited the SF2SOTM, clan match making event, “Find this spot in game event”, and much more.**
- **Also I would love to do video edits/promotion for AeriaGames, currently on my youtube I have edits of guns/players of the communities and ect, I would love to bring more and branch SF2 further this way, also I can record/upload at full 1080p 60frames without any problems even while streaming.**
- **I've also worked along side and with thrust,Innovator , Kakashi(former GS), and just about the whole GS team at one point.**
- **Also prior to my SF2 Carrer, I helped ran the CGO/UGC(no longer around) leagues for them as well as PUGs(drafts like sf2) for quite some time, as well as competed in the tournaments.**
- **I'm very active on the UGN and was very active with the ESOGL forums, as will I be and still am active with the Aeria Games forums.**
